

About iCALL: iCALL, a national level psychosocial helpline provides professional counselling service to people who need help. These services are offered with the help of trained counsellors, provides emotional support, reference services when required. The counsellors actively and supportively listen to individual's disclosures of emotional distress and provide a safe and holding environment for the same. The helpline currently functions on Mondays to Saturdays, from 10 am To 8 pm. One of the key functions of an effective helpline is to connect individuals to relevant and important knowledge and human service resources. The Helpline maintains a comprehensive database for referral services. The helpline has a nation-wide coverage.

Besides the service provision, iCALL is also actively involved in research, capacity building, awareness creation and consultancy for various government and nongovernment organizations.
