

Transforming M-ward Project, Tata Institute of Social Sciences

Job Title: Urban Community Mental Health Counselor

We are seeking a Community Mental Health Professional to join our team in providing essential psycho-social support within urban poor communities.

Location: Mumbai (M-East) ward , Near TISS

Remuneration: 37,000-40,000INR (As per experience)

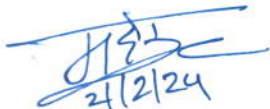

Key Responsibilities:

- Psycho-Social Support: Design and implement effective psycho-social support programs tailored to the needs of urban poor communities via digital helpline, individual and group sessions across age and gender groups.
- Report Writing and Documentation: Maintain detailed records and documentation of all activities, ensuring accurate and comprehensive reporting.
- Vulnerability Mapping and Analysis: Conduct vulnerability assessments, SWOT analyses, and develop aspirational plans to address community needs.
- Stakeholder Coordination: Collaborate with key informants and stakeholders on the ground to ensure community needs are met and program goals are achieved.
- Multilingual Proficiency: Demonstrate working proficiency in Hindi and English. Proficiency in a third language is a significant advantage.
- Team Collaboration: Work seamlessly with a multidisciplinary team to ensure the smooth execution of projects and initiatives.

Qualifications:

- Relevant degree in psychology with counselling skills.
- Strong interpersonal and communication skills.
- Willingness to unlearn and intent to learn from the fieldwork experience.
- Ability to work effectively in diverse environments.
