- E) Corporate buffer of Rs. 10 lacs. The utilization will be at the discretion of the higher authorities of the Institute.

The following points should be taken into consideration while submitting the proposal:

1. There are total number of students would be around 3700, of which 2000 students on roll require to be insured and remainder will be covered after completion of fresh admission through endorsement. Most of the student's age group is in the bracket of 18-35 years with a few of them above 35 years.
2. Premium will be paid on pro rata basis with a clause for free entry and exit.
3. Waiver of pre-existing diseases & cover period which means that insurance cover starts from the day students premium is submitted to the company and the pre-existing diseases are also covered.
4. It should be noted that the claim ratio under the expiring policy is 17.8 % as on 19th April, 2021. We would like the company to propose a premium which is compatible enough as students are a non-earning community.
5. We would like to have smooth functioning with no delay in re-imbursment of claims. It is suggested that one authority having sufficient powers should be assigned with the work to deal with our students and s/he should visit the Institute at least twice in a month to ensure that the students are satisfied and to work on building good customer relations.
6. Present Insurance Company: Star Health And Allied Insurance Co. Ltd.
